

Greetings,

We are excited to invite you to our Fall Reboot Festival on November 1st at Railroad Park, as well as our other events. Learn more and RSVP ➡ pcc empowerment501c3.org/events

Join us in a critical mission: raising awareness about digital mental health and helping communities develop healthy, ethical, and efficient technology practices.

PC Empowerment is a pioneering organization dedicated to addressing the psychological impact of technology and digital devices on the well-being of our communities. Our work focuses on developing tools and resources that promote healthy, ethical, and efficient technology practices. We believe that in today's digital landscape, understanding and managing our technological interactions is crucial.

Here's a quick snapshot of what we've been able to accomplish this year:

- **March 2025:** Hosted our first Digital Mental Health Community Day with 20 attendees, which resulted in increased awareness and resource-sharing for ongoing digital wellness support.
- **May 2025:** Launched our Digital Mental Health Facilitator Training, provided educational programming, and certified 4 Digital Mental Health Facilitators who have impacted 112 individuals
- **July 2025:** Hosted our first Community Fun Day in collaboration with BuildUP Community School and other partners, and our first Afterwork Mixer fundraiser for Digital Mental Health
- **August 2025:** Launched America's first Back-to-School Digital Detox Week in collaboration with V94.9, as the new FOCUS Act prohibits students from using devices during the learning day
- **Fall 2025:** Launching our Digital Mental Health in Urban Schools pilot in Bessemer City Schools

We are seeking sponsors who share our vision of responsible technology use and mental well-being. By partnering with PC Empowerment, your organization can:

- Gain visibility during our upcoming Back to School Digital Detox Week
- Demonstrate leadership in digital wellness and contribute to community empowerment
- Support innovative Digital Mental Health Awareness and Career Discovery and Exploration

Sponsorship levels are available to match your organization's commitment at pcc empowerment501c3.org/sponsor

- Gold Sponsor
- Silver Sponsor
- Platinum Sponsor
- Double Platinum Sponsor

We accept in-kind donations and custom sponsorships (ie: food and drink sponsors, etc.).

We'd love to discuss how we can collaborate to create meaningful change in digital mental health awareness. I will follow up soon to explore this exciting opportunity further. Thank you for considering our partnership.

Sincerely,

Courtney Woods
